EDUCATION

Chulalongkorn University **Expected June 2027**

B.E. in Information and Communication Engineering **| *GPAX: 3.69/4.0***

- **Honors: ISE50 Academic Excellence Scholarship (AY2024)**
- **International Programs:** Linköping University Summer Exchange, Sweden (Jul 2025); Chinese Language & Cultural Exchange Program, National Kaohsiung Normal University (NKNU), Taiwan (Jul 2024); Chinese Language Summer Program, Harbin Engineering University, China (Apr–Jun 2023)

WORK EXPERIENCE

Huawei Technologies (Thailand) Co., Ltd **May 2026 - Jul 2026**

Project Engineer Intern

- Developed automation tools to improve efficiency in project reporting, documentation, and post-processing workflows for network roll-out projects.
- Supported project managers in subcontractor management, material management, acceptance management, and schedule tracking.
- Coordinated with customers, subcontractors, and internal stakeholders to support project execution, site access permissions, and project progress monitoring.

International School of Engineering, Chulalongkorn University **Aug 2025 - Present**

Undergraduate Teaching Assistant

- Independently conducted midterm and final review sessions for Probability & Statistics and Computer Programming courses, supporting **200+ students**.
- Developed an automated grading tool and prepared homework assignments, practice examinations, and instructional materials, supporting student learning and assessment.

LEADERSHIP EXPERIENCE

International School of Engineering Student Committee (ISESC) **May 2025 - May 2026**

Vice-President & Head of IT

- Served as Vice President of ISESC, supporting operations across **8 departments**, **90+ committee members**, and a student body of **1,000+ students**.
- Advised and supported **15+ student initiatives** with combined budgets exceeding **THB 1,000,000**, providing guidance on budgeting, stakeholder coordination, project execution, and risk management.
- Led the IT division in developing digital solutions for committee operations and event management, while overseeing procurement, reimbursement, and administrative processes.
- Served as Head of Finance for ISE20, overseeing a **THB 650,000+** project budget for an alumni reunion serving **200+ attendees**, including budget planning, reimbursement, procurement, and financial execution.

PROJECTS

ISESC Voting Website **Mar 2026**

- Developed a secure online voting platform for the 2026 ISESC elections, serving **1,000+ eligible students.**
- Implemented voter verification and an administrative dashboard for election management, real-time vote tallying, and result reporting.

ISE20 Anniversary Website **Jan 2026**

- Developed and deployed a ticketing and event management platform for the ISE20 Anniversary Reunion, supporting **200+ attendees** and processing **THB 150,000+** in ticket sales.
- Built an administrative dashboard with LINE LIFF authentication and QR-based check-in for event operations.
